# IMPACT

A **CHANDELIER** is your centerpiece. Always remember that a chandelier should be suspended no less than 30" off the top of your table for maximum visual impact. Use dimmers and lamp accent lighting in order to be able to change the mood and to enhance the visual impact.

## STYLISH VANITY

**BATHROOM LIGHTING** achieves a dual effect. Bright light should enable you to perform tasks more effectively, such as applying makeup or shaving while the style should also bring the look of your bathroom to life. Single sconces on both sides of a mirror can provide a very elegant effect. However, to achieve a higher light level, a 3 or 4 light sconce, either inset or mounted on top of the mirror itself may be needed.

**OUTDOOR  
FIXTURE WARRANTY**

5 Year Warranty on  
premature paint defects  
& 25 Year Warranty  
Against Corrosion

Corrosion Resistant  
Copper Screws

**OUTDOOR** Lighting beautifies the outside of your home while achieving security and safety. Always use a lantern style, which offers enough light and visibility to see your house number. Consider energy saving lamping such as the LED lanterns shown above. Your outdoor lighting can be left on all evening, providing beauty and security while using minimal energy. Outdoor products should be easy to re-lamp and maintenance free.
