FOCUS SPRING & SCREW KIT 

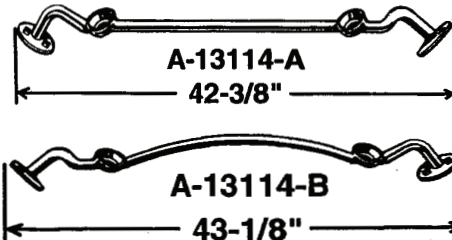

Stainless steel slot head screw. Does one headlamp. Made in U.S.A.

A-13101/2-A	1928/29	kit	2.50
A-13101/2-B	1930/31	kit	2.50

1928/31 HEADLAMP BAR • DROPPED • POLISHED STAINLESS STEEL

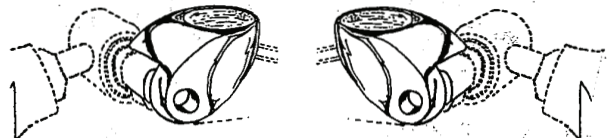

Stainless steel dropped headlight bar with a brilliant polish for street rods. The stainless steel cast ends are FULLY DETAILED and POLISHED to perfection. These will not work on a model 'A' with a 1932 radiator shell. We recommend the following headlamp bar pads : 1928/29 A-13130-AF, 1930/31 A-13130-BF.

A-13114-A	1928/29 dropped	ea	189.00
A-13114-B	1930/31 dropped	ea	189.00

HIGH-BOY HEADLAMP STANDS

Polished forged stainless steel. Designed to mount on the upper shock bolt. Will mount all Vintique headlamps including Dietz type & King-Bees. Includes special polished stainless steel shock bolts and polished stainless ny-lock nuts.

HR-13125/6-SS	High-boy's	pr.	74.50

Rod-Lites by Vintique Inc.

Rod-Lites are the perfect solution for the problem of parking lights & turn signals on street rods or restorations. Your customers can adapt *Rod-Lites* to fit on bumper braces, front splash aprons, headlamp bars, and even between Model 'A' bumper bars. *Rod-Lites* are die cast & chrome plated for superior quality. They feature amber lenses & slotted stainless steel screws (not Taiwan type universal screws). *Rod-Lites* come with 12 volt bulbs installed. The medium & large *Rod-Lites* have dual filament bulbs for use as turn signals. Wires pass thru the mounting bolt for a clean Hi-Tech look. See -13465 section for spare bulbs.

-------	-------------	------------------

BILLET ALUMINUM REAR VIEW MIRRORS

Machined in the U.S.A. by Vintique Inc., these billet aluminum mirrors are made to the highest standards. We have engineered the swivels correctly so the mirror heads never become loose. All are brushed finish and clear anodized. All mounting hardware is included.

BILLET ALUMINUM INSIDE REAR VIEW MIRRORS

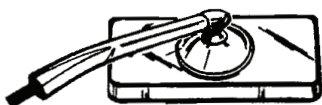

Special windshield adhesive is included with BA-17682-A. The screw-on mirror attaches with 2 #10-32" screws to the dash top or header panel and is designed with the same mounting pattern as 1932/36 Fords, so it will bolt right on. Stainless steel screws included.

BA-17682-A	Glue-On type	ea	54.00
BA-17682-B	Screw-On type	ea	54.00

POST MOUNT TYPE BILLET MIRROR

The post mirror is an excellent choice for use on roadsters. It has a threaded 1/4-20 stud that can be turned into a threaded surface (such as the windshield post), then the mirror arm is slipped over the stud and secured by a set screw. Use the adapters listed next to install this mirror on 1928/32 ford roadsters. These post mirrors fit either lefthand or righthand. Made in U.S.A.

3A-17700-P	Round head	ea	54.00
3A-17700-AP	Rectangular head	ea	54.00

BILLET ALUMINUM POST MIRROR ADAPTERS

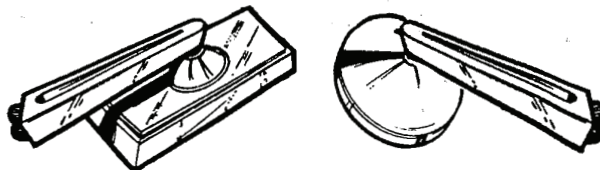

These adapters allow the BA-17700-P & BA-17700-AP to be mounted on original open car windshield posts without modification.

3A-17700-A	1928/29 left or right	ea	2.50
3A-17700-B	1930/31 left only	ea	2.50
3A-17700-C	1932 left only	ea	2.50

Part#	Description	Suggested Retail
-------	-------------	------------------

BILLET ALUMINUM OUTSIDE REAR VIEW MIRRORS

These are milled out of a block of solid billet aluminum & feature a Hi-Tech brushed aluminum finish. Stainless steel hardware included.

WINDOW CHANNEL KITS

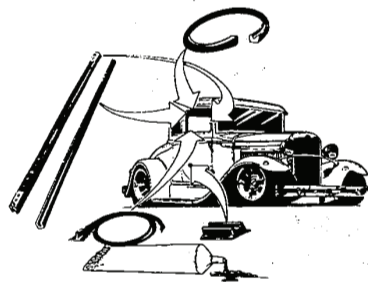

Vintage Inc. is the source for complete window channel kits. We were the first to bring you the ready to install glass channel kits. We use only the finest U.S.A. made materials available. Each kit comes complete for the left & right hand doors. All proper clips are riveted onto the channel in the correct locations for easy installation.

OPTIONAL STAINLESS STEEL BEAD

Our kits are made just like the originals and those kits that had a black bead on the edge of the channels may be ordered with a stainless steel bead on the edge of the channels. To order, add "-SS" to the end of the part number and add \$5.00 to the wholesale price of the kit.

1928/31 WINDOW CHANNEL KITS, FRONT DOORS

All kits include the following: all necessary moulded channels with clips attached, upper window sponge seals, "T" shaped anti-rattle rubber (when required), lower glass cushion bumpers and adhesive. One kit does both front doors. Made in U.S.A.

A-45983-A	1928/31 tudor, 1928/29 coupe & sport coupe, 1930/31 PU.	kit	62.50
A-45983-B	1930/31 coupe & sport coupe.	kit	62.50

-------	-------------	------------------

HOT ROD / STREET ROD DOOR SEAL 

An excellent solution for door seals on early Fords that did not have door seals originally. Also use on deck lids & rumble seats. This U.S.A. made sponge rubber is not just flat, but a special design made to be compressed in door & trunk openings. Comes in two types : rectangular solid sponge rubber or half round hollow-core sponge rubber. Ready to install with pressure sensitive adhesive. Just peel & stick.

HOT ROD / STREET ROD DOOR SEAL

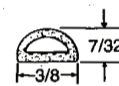

An excellent solution for door seals on early Fords that did not have door seals originally. Also use on deck lids & rumble seat lid. This U.S.A. made sponge rubber is not just flat, but a special design made to be compressed in door & trunk openings. Comes in two types : rectangular solid sponge rubber or half round hollow-core sponge rubber. Ready to install with pressure sensitive adhesive. Just peel & stick.

HORTON INC.

- **GUARANTEE & LIABILITY:** Merchandise is guaranteed free from defects in material & workmanship. Products found to be defective will be repaired or replaced subject to our inspection & approval. Horton Inc. will not be liable for the use or misuse of any product we manufacture or sell. Our liability will end with the repair or replacement of the part if we find it to be defective.
- **MANUFACTURERS' RIGHTS:** Manufacturers reserve the right to make product changes at any time without obligation to change any parts previously manufactured.
- **HOURS OF OPERATION:** Monday to Friday 9:00 am to 5:00 pm E.S.T.; MOST Saturdays 9:00 am-2:00pm E.S.T.
- **PRICING POLICY:** Current prices are as in our computer system & not necessarily as in this catalogue. These prices are in Canadian funds, FOB Milton, ON. GST & PST are extra as applicable. Since the U.S. dollar, costs & buying conditions are continually changing, **these prices are also subject to change without notice.** We will notify you if there is a significant price change in an item you have ordered. E&OE (Typographical errors and/or omissions excepted).
- **AMERICAN CUSTOMERS:** All prices are in Canadian dollars (C\$) FOB Milton, ON. We welcome U.S. customers at our Milton location. U.S. money is converted at the prevailing exchange rate. Divide the C\$ total by the exchange rate to get the U\$ total if picked up in Milton, ON. Sales taxes are extra, as applicable. (Note that Canadian Federal & Provincial sales taxes are refundable when product is taken to the U.S.) Prices subject to change without notice.
- **SHIPPING:** Add 10% to the parts total for shipping & insurance costs for orders that can be shipped by CANPAR. Minimum charge \$7 & Maximum charge \$30. No extra freight charge for back-ordered parts. Add \$10 to the above charge for COD shipments. Payments for COD orders must be by cash, certified cheque or money order. "Extra Care" (XC) parcels or "Dimensional Weight Shipments" are subject to extra freight charges. Orders for parts too large for Canpar will be shipped freight collect.
- **PAYMENT:** We take VISA, MasterCard or AMEX. Debit cards can be used for "in person" payment. Remember to add freight amount (see above) to your order. GST, PST & HST extra as applicable.
- **RETURNS:** Merchandise may be returned within 30 days ONLY with an authorization number from Horton Inc. All goods approved for return must be shipped freight prepaid & no COD returns will be accepted. Product & packaging must be in NEW condition. All "accepted" items are subject to a 15% handling/restocking fee. We can have Canpar pick up returns using a "Pick-Up Tag". The P.U.T. charge is \$5.00.
